**AGREEMENT**

I have read and understand the program information as stated in the attached application materials. I understand that by signing below, I agree to allow an official from my water provider to verify the installation of the equipment at said property. I agree to indemnify and hold the Regional Water Authority and my water provider, and their respective directors, officers, employees and agents, harmless from any and all liability or claims for damage, including any attorneys' fees and costs, connected to or in any way arising from the installation of the Smart Irrigation Controller, the inspection of the premises to verify proper installation, and any other activity related to this program.

# Terms and Conditions

## Eligibility Guidelines

1. The applicant applying for the rebate must be a water service customer of the City of Folsom, City of Placerville (administered by EID), El Dorado Irrigation District, Orange Vale Water Company or Sacramento Suburban Water District and the site where the equipment is to be installed must be receive water service from that provider.
2. Water service on the site must be metered and have been metered for a minimum of 12 months.
3. Rebates are only available to improve existing in-ground irrigation systems and/or automatic timers, not for new irrigation system installations.
4. The maximum rebate for irrigation system efficiency improvements is 50% of the qualified material costs, not to exceed \$200.00 per customer. Labor and installation costs for irrigation efficiency improvements are not eligible for a rebate.
5. The maximum rebate for the purchase of a SWAT-tested Smart (i.e., weather-based) irrigation controller is the purchase cost of the controller and signal service for a maximum of two years, if needed, up to \$500.00 per customer. Smart controller must be on the SWAT-tested list, which can be found at <http://www.irrigation.org/SWAT/Industry/ia-tested.asp>
6. Rebate for signal service only on an existing Smart irrigation controller is not eligible. If a signal based controller is chosen, the applicant agrees to maintain signal service at his/her own expense for a minimum of 5 years. Such commitment will be in addition to the time period covered by the rebate.
7. The maximum rebate for professional installation of a SWAT-tested Smart controller is \$150.00. The installation must be performed by a licensed California landscape contractor C-27 or irrigation specialty contractor C-61 / D-12 and/or be certified by the Irrigation Association as a Certified Landscape Irrigation Auditor.

Qualified installers may be found on the following lists: Green Gardener and RWA Preferred Smart Controller Installers.

8. Any project(s) started before the Pre-Inspection Audit is performed are not eligible for any portion of these rebates.
9. All applications for rebates under the RWA Smart Irrigation Rebate Program must be submitted by no later than September 30, 2010.

## Instructions

1. Contact your participating water provider (see list below) to confirm the availability of rebate funds.
2. Submit a completed application to your water provider. Once the application has been received, a representative will contact you to schedule a Pre-Qualification Audit.
3. Once the audit has been completed, the auditor will inform you of the equipment/material that is approved for purchase and eligible for a rebate. You and the auditor must sign and date the Pre-Qualification Evaluation form. The purchase and installation of all approved equipment must be installed within 60 days from the date of the Pre-Qualification Audit.
4. After installation, the applicant must call to schedule Post-Installation Inspection. Rebates will not be processed until a Post-Installation Inspection has occurred. The inspection must take place no later than 60 days from the date of the Pre-Qualification Audit. The Applicant must mail the signed Post-Installation Inspection Form and original receipts to its water provider. Submission of receipts and inspection form are required to be eligible for a rebate under this program. If your contractor purchased the materials, please obtain a separate invoice for materials and ensure the invoice states "Labor billed separately."
5. The rebate will be issued by your water provider within 90 days from the date of the Post-Installation Inspection. Rebate checks will be made payable to the applicant and mailed to the mailing address provided on the application. If your water provider is EID, rebates will be issued by a credit on your water service account.
